## **Erasmus Soccer Team 2013/14**

The **Erasmus Team Berlin** of soccer is looking for a new Manager/Coordinator/Promoter.

After 4 Seasons, I am going to leave the Team and Berlin due to work reasons. That's why the Team is looking for a new charismatic guy able to connect the old players with the new international players of the team.

About the skills, it doesn't matter about your soccer quality, it's more important to be able putting together players from several nationalities and cultures, and being able to organize matches, championship and training. Of course together with the already existing Trainer and with the Captain. We play at the TU-Berlin Soccer League (but it doesn't matter about your University or School in Berlin)

In case you are interested, please contact me, we can meet, and I will explain you everything about the role.
