
UCEAP/Reciprocity Student Selected as UC Scholar

[Technical University Berlin](#) student, Prem Borle, is currently studying at UCSD through UCEAP's reciprocity program. Excelling at his studies in San Diego, he has been selected to participate in the [UC Scholars program](#), an 8-week, full-time research experience for undergraduates. Prem says, "With UC Scholars you get two for the price of one - for just one summer you get both a summer job and a research opportunity. It's a chance to surrender yourself to research, for a project that you can shape, and a path into graduate school and beyond." Congratulations to Prem!
